

Perrie, Christmas Magic

(All the lights glowing) and it's been another year
There's magic in the air, you can feel it everywhere
(Holidays are coming) I'm just wishing you were here
I've hung the mistletoe, for when you make it home

I've been counting down the days
Without you here it's not the same

Santa baby
I know you're busy
My one wish is
That you work your Christmas magic
I'm still missing
My one true love
So if you're listening
Can you work your Christmas magic?

Santa please, won't you bring my baby?
Santa please, missing him like crazy
Santa please, I was thinking maybe
You could bring your Christmas magic

(Now the snow is falling) and I feel so cold tonight
Wish you could keep me warm, wrapped up in your arms
(Hanging up your stocking) only one thing on my mind
You know I've been good, you know I've been nice
So please Santa bring all my wishes to life oh

Santa baby
I know you're busy
But My one wish is
That you bring your Christmas magic
I'm still missing
My one true love
So if you're listening
Can you work your Christmas magic?

Santa please, won't you bring my baby?
Santa please, missing him like crazy
Santa please, I was thinking maybe
You could bring your Christmas magic

I've been counting down the days
Without you here it's not the same

Santa baby
I know you're busy
My one wish is
That you bring your Christmas magic

Santa baby
I know you're busy
But My one wish is
That you work your Christmas magic
I'm still missing
My one true love
So if you're listening
Can you work your Christmas magic?
Santa please, won't you bring my baby?
Santa please, missing him like crazy
Santa please, I was thinking maybe
You could bring your Christmas magic
