## Perry Como, Long Life, Lot's Of Happiness

( Long life, lots of happiness, good wine, lots of pretty kids . . . )

We gotta be one, one happy time . . .

Drive in show, covered in snow, but we never felt the cold!
We bought us a blanket and I always meant to thank it for huggin' us so warm!

So we loved and laughed an' the world was our bankroll to spend (bankroll to spend!) I took you to dinner, chow main and egg rolls the fortune cookies that read (cookies read!)

Long life, lot's of happiness, good wine, lot's of pretty kids . . . we gotta be one, one happy time . . .

It was a bitter wine, our first sip of time then we drank 'till the sweet stuff ran dry through sunshine an' roses, the winter's red noses the days softly tip toeing by!

Now, you're the good ol' days as you come back to play on my mind the time of the rain, the last time you came you lived by those silly old lines!

Long life, lot's of happiness, good wine, lot's of pretty kids . . . we gotta be one, one happy time . . .

... long life, lot's of happiness, good wine, lot's of pretty kids . . . we, we gotta be one, one happy time . . .
