

Perry Como, World Of Dreams

In my world of dreams, you're with me all the time
In my world of dreams, you're still mine
But dreams are not reality,
they're just an easy way to live each lonely day!

In my world of dreams, we still walk hand in hand
All my hopes and schemes, I still plan
Make my dreams come true, make them dreams for two
you're welcome in my world of dreams!

In my world of dreams, I'm with you all the time
In my world of dreams, you're still mine
Make my dreams come true, make them dreams for two
you're welcome in my world . . .

you're welcome in my world . . .
. . . you're welcome in my world . . . of dreams!
