

# Perry Farrell, Going All The Way (Into The Twilight

Happy days, happy days, happy days, we're going all the way,  
Happy days, happy days, happy days, we're going all the way, we're going all the way, we're going  
(Chorus)

Happy days, happy days, happy days, we're going all the way  
Happy days, happy days, happy days, we're going all the way

Tonight! Lightning strikes!

Let's go into Twilight!

First time I saw you (when we first met)

I had the fever (as bad as it gets)

You let me see (flash of my thighs)

It was so smooth, sparkle and shine

And it shined

La la la la la lalalala la la la la la la

Tonight! Lightning strikes!

Let's go into Twilight!

You asked me out on many dates

And took me to exotic places

You saw the look upon your face

You men must really love the chases

I'm going to let you have it like you've never had before

So take me

take me

take me...

Tonight! Lightning Strikes!

Let's go into Twilight!

Go all the way with me, go all the way (x7)

(yeah, yeah, yeaaaah!)

Happy days, happy days, happy days, happy days, we're going all the way!
