

Pet Shop Boys, Home

We all have a dream of a place we will love
The fire is burning and the radio's on
Somebody smiles and it means "I love you"
But sometimes we don't notice when the dream has come true

You've got a home here
Call it what you want
You've got a home here
to return to
when you can't
face the world
and you need some support
to succeed
You've got a home

We all make a mess of our lives from time to time
It's part of the process that you stumble as you climb
And if you ever feel the pain is far too big a deal
I say with pride "I'll be on your side";

You've got a home here
Call it what you want
You've got a home here
You're gonna want it
when you can't
face the world
and you need
some support
to succeed
You've got a home
You've got a home
