

# Pet Shop Boys, Where The Streets Have No Name

(Burning down love)

(Burning down love)

I want to run, I want to hide

I want to break down the walls that hold me inside

I want to reach out, and touch the flame

Where the streets have no name

Ah-ha-ah

I want to feel the sun on my face

I see the dust cloud disappear without a trace

I want to take shelter from poison rain

Where the streets have no name

Ah-ha-ah

Where the streets have no name

Where the streets have no name

We're still building, then burning down love

Burning down love

And when I go there

I go there with you

Where the streets have no name

Can't take my eyes off of you

I love you, baby, and if it's quite alright

I need you, baby, to warm a lonely night

So let me love you, baby

Let me love you

The city's aflood, our love turns to rust

We're beaten and blown by the wind, trampled in dust

I'll show you a place, high on a desert plain

Where the streets have no name

Ah-ha-ah

Where the streets have no name

Where the streets have no name

We're still building, then burning down love

Burning down love

And when I go there

It's all I can do

Where the streets have no name

I can't take my eyes off of you

(Ooh aah)

Love you, baby, let me love you

Where the streets have no name

Where the streets have no name

Where the streets have no name

Where the streets have no name

(The streets have no name)
