

# Pete Murray, Smile

Please come walk with me  
And we will walk forever  
Come and touch my skin  
You control my shiver

Feel Sunny Day  
Believe your time has come today  
Throw in your prime  
And know its here  
To Stay

I have seen days  
When your smile goes on forever  
You light up the room  
In the deepest darkest weather

Feel Sunny Day  
Believe your time has come today  
Throw in your prime  
And know its here  
To Stay

Be free to see  
Your smile soft sway  
Im sure you want this day

Believe your time has come today  
Throw in your prime  
And know its here  
To Stay

Be free to see  
Your smile soft sway  
Im sure you want this day
