

# Pete Murray, Tonic

See your face, just the other day  
Takes me back, to the other place  
When I feel, it's not to far away  
And I just wanna' hold your hand, and walk with you,  
On another day

I.....want you  
To sit on my lap,  
And do the sweet things that we used to

At the place, just the other day  
And I ordered a drink, the tonics on it's way  
When I feel, it's not to far away  
And I just wanna' hold your hand, and walk with you,

On another day

I.....want you  
To sit on my lap,  
And do the sweet things that we used to  
I.....love you  
So come on girl,  
Lets do the sweet things that we used to

[Repeat 2x]
