

# Pete Townshend, I Like It The Way It Is

La da da da da... la da da  
La da da da da ...la da da

I go halfway 'round the world  
I need another girl  
But when I see her all I do is think of you.  
We take a drink at my hotel  
I pray for your telephone bell  
But it's my turn to call you won't come through.

I never wanna hurt you again I tried to change my life, I promise this.  
The only trouble is you no I think I like it the way it is.  
I think I like it the way it is

La da da da da... la da da  
La da da da da ...la da da

As I lay awake alone  
I know you are waiting home  
And there's really nothing going on.

I try to please the local crew  
'Cause they say they love me too  
But I'm really only showing off.

I never wanna hurt you again I tried to change my life, I promise this.  
The only trouble is you no I think I like it the way it is.  
I think I like it the way it is.

My heart, oh my heart is aching and I'm lonely for you  
But I know that really they'll seem like so many words of truth  
Oh darling, oh darling, oh darling am I even worth your frown?  
The sweetness of your kiss is gone I've brought a curse to you now.

La da da da da... la da da  
La da da da da...la da da

I go halfway 'round the world  
I need another girl  
But when I see her all I do is think of you.

We take a drink at my hotel  
I pray for your telephone bell  
But it's my turn to call you won't get through.

I never wanna hurt you again I tried to change my life, I promise this  
The only trouble is you no, I think I like it the way it is  
I think I like it the way it is  
I think I like it the way it is  
Just the way it is.
