

# Pete Townshend, I Won't Run Anymore

## WOODLAND CREATURES

Don't be afraid of the night  
Only you hear the scream that you scream  
Don't turn away from the light  
Only you see the dream that you dream

## HOGARTH

I'm not going to run anymore  
I'm not gonna run  
Away from this honeymoon  
I'm not gonna run anymore  
I'm not gonna run  
Like a rat to a piper's tune  
For you and I  
Will show one another love  
You and I  
We owe one another love

## HOGARTH and VIXEN

We're not gonna lie anymore  
We're not gonna lie  
In ignorant ecstasy  
We're not gonna cry anymore  
We're not gonna cry  
At a figment of fantasy

For you and I  
Will grow together now  
You and I  
Will go together now

We're not gonna run anymore  
We're not gonna run anymore.....no no no

## HOGARTH

I'm not going to run anymore  
I'm not gonna run  
Away from this honeymoon  
I'm not gonna run anymore  
I'm not gonna run  
Like a rat to a piper's tune  
For you and I  
Will show one another love  
You and I  
We owe one another love
