

Pete Townshend, New Life/Reprise

BADGER and CROW

What we want is a brand new year
Open your heart and set us free
What we need is a brand new life
We'll decide on our own destiny

WOODLAND CREATURES

What we want is a brand new life
For every brother and sister - husband and wife
For the single and lonely, living in fear
What we want is a brand new year

CROW

While this year is still young enough for laughter
We must insist that no tears follow after
Resolve to be strong
And right the wrong
Inflicted on you and me

WOODLAND CREATURES

What we want is a brand new life
For every brother and sister - husband and wife
For the single and lonely, living in fear
What we want is a brand new year

CROW

You know there are changes waiting in the future
Some of them'll hurt yer, some of them'll suit yer
One thing to be certain of
You control your own destiny

WOODLAND CREATURES

What we want is a brand new life
For every brother and sister - husband and wife
For the single and lonely, living in fear
What we want is a brand new year

JAY and BADGER

What we want is a new conception
A child to lead us out of here
Free from mistrust with no deception

What we want is a brand new year

CROW JAY

While the midnight bells are rung
We are waking from a peaceful dream
Where children go to school
And play the fool
Decide their own destiny

HOGARTH

While this year's still young
You've got to show us that our kids are totally free
They wanna go to school, they wanna play the fool
They gotta decide on their own destiny
They have to guide the course of their own destiny
They gotta have pride enough to know their own destiny

WOODLAND CREATURES

What we want is a brand new year
Open your hearts and set them free
What we want is a brand new life

And to decide on our own destiny

HOGARTH CROW

What do we want

What do we need

What do we want right now

What do we need right here

We want a brand new life now

We need a brand new year

JAY

Woooooooooooooh!

CHORUS

All shall be well

And all shall be well

And all manner of things
