

Pete Townshend, Things Have Changed

Di-da-di-da-doo Di-da-di-da-doo
The time will come, yes I know
You will come walkin' home
And you'll find my address
Expectin' my caress,
But darlin'
Things have changed
Things have changed please don't come around
Destroyin' the happiness I've found
Things have changed

You left me once without a word
And let me lookin' so absurd

Now I've found my way around
Get my feet back on the ground, but darlin'
Things have changed
Things have changed please don't come around
Destroyin' the happiness I've found
Things have changed
Things have changed

The only thing I think about you
But all the same I can live without you darlin'
Things have changed
Things have changed
