

Peter Alexander, Clap And Dance

HEEEEEY!

Clap and dance ...
Clap and dance ...
Clap and dance ...
Clap and dance ...

If you get feeling that music excites you
Know its every sound and timbre
Yeah, be awake that you cannot live without its
So wear headphones and listen it

And when you feel that during this to vibrate
And if all around want to swirl
So you haven't choice as soon as
Lift up and

Clap and dance ...
Clap and dance ...
Clap and dance ...
Clap and dance ...

The man is excelling in music
Could say that creating himself senses
A sound is whipping up emotions in people
As if it would to speak
Music is beauty and this phrase should pulsate in every
It affects as cure relieves pain and calms
Am I right do you also think so
So move and start to give up music

Clap and dance ...
Clap and dance ...
Clap and dance ...
Clap and dance ...

For me music acts like a drug
In my opinion is synonym of love
With full confidence I can say
That you also can't resist it so

Clap and dance ...
Clap and dance ...
Clap and dance ...
Clap and dance ...
