

Peter & Paul, The Sound Of Rhythm

The sound of rhythm/you give me energy

Yeah/oh, baby

Yeah/mhmmm

I see like you smile/and think of myself
Maybe it's any destiny show me right/that I can't find
I wanna know/it's around me
And you'll be part of him/you turned my head

Sense of humor that you got/it not allows me/thinking about nothing other
Just song can explain/that what I can't tell

The sound of rhythm/you give me energy
Making fun and boom/I'm feeling like flyin' flower with you
I can't resist, oh no/come and imitate the beat
Thank you/feel it

If anyone before/had the position
I'm feeling in love with you/and thanks the song
I know what's important for me/not looking back
So that go back/'cause I'm going to your side
The way that leads me to your rhythm/baby, I'll don't let you go
Do you hear the sound of music?/It's for you

The sound of Rhythm/you give me energy...

I don't stop beacuse/not wanna
Run beetween sunshine and/your sight
The music/lift me up/I - become light
Actually sound of rhythm/like this
You're there where me/I am there where you
Move my body/and gyrate

The sound of rhythm/you give me energy.../repeat

Thank you/feel It

Thank you/feel it
