

# Peter Andre, I Feel You

Everything about is so right  
Baby you know that I'm so proud  
To say your mine, all mine  
Why you leaving standing like a fool  
Is there something that I said or done to you?

You know I wonder, oh I wonder  
If you're coming home tonight  
I'm thinking what it could of been baby  
Can't get you off my mind  
I've opened up the door  
But in my heart.....

Feel you running away from my love  
Why you running away from my love  
It's cold when we're apart  
And it's playing in my heart  
The moments that we shared will stay  
In my heart, I.....feel you...well well well

Thinking of the lovin' that we made  
Baby, I love the way you touch me in youre special way  
So why do I just feel like a man that's being played  
Tell me it isn't true (Spoken)  
I'm begging baby, stay

You got me going crazy  
I've been waiting by the phone  
I'm thinking about the things that I wanna to do to you  
Soon as you get home  
I give you everything  
But in my heart I.....

Feel you running away (yes I do) from my love  
Why you running away from my love  
You know It's cold when we're apart  
And it's playin on my heart  
The moments that we shared will stay  
In my heart, I.....feel you....well well well

You know I wonder, oh I wonder  
If you're coming home tonight  
I'm thinking of the bedroom baby  
We'd be making love, making love  
Ooh, if only you would come through the door  
I know you can't ignore  
All of the love you ever need I wanna to give you more

I feel you running away from my love (I really do feel it, can you feel it)  
Why you running away from my love (I really do feel it, can you feel it)  
And it's playing on, playin on my heart.
