

Peter Andre, What Is Love

It's the way you're nervous when you speak
It's the way I know just what you mean
It's the kind of thing that's bitter sweet
It's the funny feeling deep inside
So many different sides
Still so easy to define

Coz you know that every time
Not just in your mind
You can feel the butterflies, sending chills down your spine

Chorus
What is love
but a kiss on a rainy day, a smile that won't go away
A safe place to run
What is love
but a complicated simple truth, a bond between me and you
The number one

All that's love

You do things that never crossed your mind
Like you're doing all of the time
Coz with someone special it's all right
It's like dancing when you walk
And singing when you talk
And you're happy just to be alive

Live in the moment don't be sad
Just let it go and take care
You don't have to understand, the how, why and when

Chorus

So take off your hat and stay for a minute
Love is a precious thing if you let it in
You'll never know what you find till you give it
Sometimes, sometimes, sometimes

Chorus x 2

I've been searching long yeah
Let me sing it to you baby
