

Peter Baumann, Cash

Chorus:

When you have cash in the pocket

You are the king

When you have cash in the pocket

You get the girls

When you have cash in the pocket

You get your way

You need cash

To fix your car

To make a deal

To stay alive

Cash walks cash talks

Cash opens the door

Chorus

You need cash

To make a bet

To fix a judge

To stay alive

Cash walks cash talks

Cash opens the door

Everyone will be your friend

If you got a lot to spend

They will say you're beautiful

Simply unbelievable

You're the one who's in demand

When you got some cash on hand

Chorus

You need cash

To buy a drink

To call the shots

To stay alive

Cash walks cash talks

Cash opens the door

Chorus
