

Peter Cetera, Just Like Love

Just Like Love

See the color of roses
Sail across America
I couldn't wait to find you
I'm looking for a miracle
And somewhere out of the blue
In the heart of getting by

CHORUS:

It only takes a second to learn
It only takes a second to hurt
And it's just like love to be the hardest thing
It's just like love to be everything (Repeat)

An illusion of laughter
Lost in a desert sky
That's how I feel without you
I can't take another night
Somewhere out of the blue
From my heart and in your eyes

CHORUS

Oh I can feel it all
Right or wrong I'm here
Here for you

CHORUS (Repeat to fade)
