

Peter Cetera, When There's No Tomorrow

Didn't want to face a long hot summer
Didn't want to spend another lonely night
Didn't want to stay until I met you
You could tell that we were made for each other
Something in the air and the time was right
Came into my life, oh, I can't forget you

I don't want to leave tomorrow
Yes I said it all inside of a letter
That I put in your hand when we walked in the sand
Don't you understand

I don't want to go where there's no tomorrow
You go your way, I'll go mine
Each one missing what they left behind
I don't wanna go where there's no tomorrow
Help me try to make a dream come true
I don't wanna leave if I can't be with you

Wouldn't ever change a thing for a minute
Seems the waters always deeper when you're in it
That's the way it goes
Not the way I planned it

I don't want to leave without you
I don't want to go if you won't follow
Told you once, tell you once again
I don't want this summer to ever end
Gonna be there when I can
