## Peter Cincotti, Lovers, Secrets, Lies

I raise my glass to our happy ending I sip my wine to our grand demise This game we played is finally over Lovers, Secrets, Lies. And now at last The spell is broken The truth Can now be spoken Heart ache, is just a token Lovers, Secrets, Lies No lonely nights to wait and wonder No secret sites for a rondezvous My empty heart is well protected Lovers, Secrets, Lies Forget the pain Forget the yearning My life is now returning My heart's no longer burning Lovers, Secrets, Lies
