

Peter Evrard, For You

I crown you queen
Of everything tonight
'cause you went over the line
to show me this time
I got it all right

I can't make you keep craving
All the what I've been saving
You're the reason that I've been waiting

All the love I've got in me
Take it baby, 'cause it's free for you
Only for you
Everything I've got to give
If I'm alive I'm gonna live for you
For you've given me
something I believe in

I'm out of the past
And freedom at last is so sweet
Life took a new start
You entered my heart
made me complete

So don't hold back if you want me
'cause I feel you so strongly
Gonna see you're never lonely
All the love I've got in me
Take it baby, 'cause it's free for you
Only for you
Everything that's mine to give
If I'm alive I'm gonna live for you
Only for you
All the love I've got in me
Take it baby, 'cause it's free for you
For you've given me
something I believe in

With all of my heart
I'm home, home in your arms
Oh yeah, oh yeah

All the love I've got in me
Take it baby, 'cause it's free for you
Only for you
Everything I've got to give
If I'm alive I'm gonna live for you
Only for you

All the love I've got to give
Take it baby 'cause it lives for you
Only for you
When I've given all I can
I will give it all again for you
For you've given me
something I believe in
