## Peter Frampton, Lady Lieright

Lady Lieright, go help fetch my clothes Im looking for my broken boots I hope they show

Yeah, lady do right Dont do me wrong Weve been together all this time But thats another song

Susie Sunshine
Well, whats your game?
Id love to keep you in my drawer
For when it rains

Yeah, where I was going? I keep drifting away I think III go right back to bed And III sleep the day

Just the other day I took you
To an Oriental restaurant
Gentleman, he took our order
In his mind
And how we said
Its nothing to fly
To the moon
I sat there in a haze
Oh, how I cried aloud
I love that man today

Lady Lieright
Well, I love you so
You make me feel a million dollars
Whats it worth now
Yeah, shimmering shadow
Beneath me now
Looking at you gives me heart
I need it now

Lady do right Lady Lieright
