

# Peter Gallagher, Everytime It Rains

Every time it rains  
I sit at home and wonder why  
Ever since you said goodbye  
I felt so all alone  
Every time it rains  
Summer showers soak the ground  
I watch the rain come pouring down  
I call out your name

Every time it rains  
I hang my head and want to die  
I don't seem to care that I'm  
Just not making it on my own  
Every time it rains

Sometimes late at night  
I close my eyes  
And pretend that you're here with me  
Every time it rains  
I realize just how lonely my life is gonna be

Every time it rains  
Every time I hear the raindrops fall  
I may say I don't mind it at all  
But I do

Every time it rains  
Every time I try to tell myself  
That in time I'll find somebody else  
But it won't be you  
Every time it rains  
Every time it rains
