

# Peter Green, Cryin' Won't Bring You Back

Sometimes i get so tied up  
Wrestling with these feelings here inside  
Baby please make your mind up  
Are we gonna make up  
Or are yer gonna leave me with the rain

I know you got your reasons  
I heard them when you hit me with the score  
But honey, if you've got feelings  
How can you just stand there  
And say don't love me anymore

Crying won't bring you back  
Crying won't bring you back  
And crying won't bring you back  
I'm trying  
But crying won't bring you back  
Crying won't bring you back  
I'm crying  
But crying won't bring you back

Tell me it's just a nightmare  
And i can burn your message in the flame  
Show me there's still something  
Someway baby, someday baby  
I can stop the rain

Crying won't bring you back  
Crying won't bring you back  
Crying won't bring you back  
Yes, i'm trying  
But crying won't bring you back
