

# Peter Green, Got To See Her Tonight

I got a heartache tonight  
And the feel of the music just ain't right  
I got a heartache tonight  
And now my baby is gone there's a hole in my life  
Come on give me a light - I gotta see her tonight  
Come on set me alight - gotta see my baby tonight

I gotta loosen my soul  
And this voice in my head has got to go  
So come on sweeten my tea  
cause this whole situation is gettin to me  
Come on give me a light - gotta see her tonight  
Come on set me alight - gotta see my baby tonight

Break:

I gotta live with this pain  
It's the only way I can get to the rain  
So I'm depending on you  
Now my baby is gone what else can I do  
Come on give me a light - I gotta see her tonight  
Come on set me alight - gotta see my baby tonight

Gotta see her tonight  
See her tonight  
Gotta see her tonight  
See her tonight  
Got a heartache tonight  
And the feel of the music just ain't right
