

# Peter Green, Walkin' The Road

Now the cupboards are empty  
But baby you don't care  
This way that i'm living  
Now that you're not here  
I'm walkin' the road  
But there's a long long way to go

My socks need mending  
They're so full of holes  
Take a look at my trousers  
And man, how it shows  
I'm walkin' the road  
But there's a long long way to go

I sit at the table  
Since i got the news  
I'm so full of cigarettes  
And i'm drunk with the blues  
I'm walkin' the road  
But there's a long long way to go

I gave you my loving  
I gave you my car  
Now i gotta keep moving  
To the next backstreet bar  
I'm walkin' the road  
But there's a long long way to go
