## Peter Heppner, Suddenly

I don't give a fuck What you say I don't want to hear no lies From you today You wonder why you stand All alone Bu mayby you just reap What you've sown

And suddenly You find you're in so deep The more you try in vain To free yourself again The deeper you will fall won't you?

A thousend time I've lent A helping hand I'm not asling for a thanks Don't misunderstand But you're hiding from the truth If you think that you don't need a friend aren't you? A long descending road, I've been told Lies out there in the cold For those alone

And suddenly

All the things that you have done one by one Are just coming back to you so they do

And suddenly
