

Peter Kent, Stop'n'go

You're waitin' she's makin' eyes at you.

Go

get her

don't let her play with you.

First she will

then she won't

First you do

then you don't.

Stop'n'go

high and low

Fast and slow

yes or no.

Stop'n'go

high and low

Fast and slow

don't let go.

You're schemin'

she's dreamin' at your side.

Turn to her

see through her - foolish pride.

When she leaves

don't get mad.

When she cries

you'll feel bad.

Stop'n'go

high and low

. . .

Life's too short to lose a chance for love.

Make your move

'cause heaven waits above.

Don't waste time or you'll find the going rough here below

Stop'n'go

high and low

. . .
