

Peter Maffay, You Are My Kind Of Woman

As the sun goes down
I walk the evening town
So much time on my hands

I watch the girls go by
When I catch their eye
I say: Baby understand

You are my kind of woman alright
And I got nothing to do tonight
Hey, yeah, you know you look so fine
And if you got the time
Im gonna make you all mine

I dont need no beauty queen
No Baby, dont know super dream
Thats just not my style tonight
If she can spare a smile
And she can dance a while
Then today shes just right

You are my kind of woman alright
And I got nothing to do tonight
Hey, yeah, you look so fine
And if you got the time
Im gonna make you all mine

Now the nights begun, soon the day is done
But you are by my side right here
As the band plays rockn roll, we dance it soul to soul
And I whisper: my love for you shines clear

You are my kind of woman alright
And I got nothing to do tonight
Hey, yeah, you look so fine
And if you got the time
Im gonna make you all mine
