

# Peter Murphy, Emergency Unit

Save me, save me, make me true  
Turn, turn, let me through  
Nothing's hard and nothing's to be gained  
Without you

Leave us always looking in the now  
Not losing, looking for it  
Not losing, looking for You  
Guide us always

(Are you alright?)

Save me, save me  
Say, "you do"  
Even as the bird flies  
Out in the blue  
Out of the blue  
Nothing's hard and nothings gained  
Without you
