

# Peter Murphy, Our Secret Garden

It seems like a day  
A day that I call smooth  
When you came into my heart I knew  
The love was overflowing  
And I say  
La la la la la!

The day was so long and the night was still  
And you kept coming over  
To my hill  
I would weep for the day  
Without you, all the way  
You wanted to be free  
And doubt would overflow  
Just come running to me  
'Cause you knew I'd take you home

Then you came into my heart  
We knew for a start  
Each word like a book  
With your spirit flowing ...over me  
Don't bother to close your heart  
Let's drink honey in the park  
Swap hats and go for free  
To our secret garden
