

# Peter, Paul & Mary, Best of Friends

Some things are different, some the same  
Some turn over, some don't change  
Time and music all forgive  
And in the best of friends the spirit lives

Set in motion by the ages  
Crossing notions, makin' waves  
Two steps backward and three along  
For the best of friends one more song.

The best of friends, the best of friends  
For the best of friends one More song  
(repeat) Loud and ringing, high and low  
Join the singing, let it flow

To the future from the past  
Be the best of friends to the last

The best of friends, the best of friends  
Be the best of friends to the last  
(repeat three times)

Come together for the young  
For your daughters, for your sons  
Raise your voices and lift your hands

Be the best of friends while you can  
The best of friends, the best of friends  
Be the best of friends while you can

Come together for the young  
For your daughters, for your sons  
Raise your voices, and lift your hands  
Be the best of friends while you can

The best of friends, the best of friends  
Be the best of friends...the best of friends!
