

# Peter, Paul & Mary, Such Is Love

After all I've come to know me, and the ways of my heart,  
And the young man that I once was would have torn our love apart.  
When you're young and always looking at the far side of the hill  
You might miss the fairest flower standing by you very still.

(chorus)

Love, love, love, love, love, such is love, wonderful love  
Love, love, love, love, love, such is love, wonderful love

Love is never, like the stillness, love is always passing by  
Love must flow like a river; try to hold love back and love will die  
If I'd known as a young man what I know of love today  
I'd have lain down in that river and let it wash my soul away.

(chorus) 2x

Now I know love.
