

# Peter,Sue & Marc, Djambo Djambo ( Eurovision 1976 )

The birds have known the old man for many years  
His eyes have seen so much and look so mild  
He's up at four and early every morning  
He feeds them and feels happy like a child  
Once he was a clown in the arena  
People said the best that ever was  
Now they call him good old Djambo Djambo  
But in his dreams, he still hears the applause  
Hey hey hey... hey hey hey... Djambo Djambo  
Don't be sad, for you know that the show must go on  
Hey hey hey... hey hey hey... Djambo Djambo  
It was you who had us laughing - you're the one  
And sometimes you can see him on the sidewalk  
With little boys and girls around his feet  
When Djambo Djambo plays his barrel organ  
Children call it 'circus in the streets'  
Suddenly he eyes reflect emotion -  
In Djambo's mind, the limelight shines again  
He's back on stage and all the kids are laughing  
Just as if the show would never end  
Hey hey hey... hey hey hey... Djambo Djambo  
Don't be sad, for you know that the show must go on  
Hey hey hey... hey hey hey... Djambo Djambo  
It was you who had us laughing - you're the one  
Hey hey hey... hey hey hey... Djambo Djambo  
Don't be sad, for you know that the show must go on  
Hey hey hey... hey hey hey... Djambo Djambo  
It was you who had us laughing - you're the one
