And this here little bit of green sensimilla

When you see me  
Walking down the street  
It is time that you respect to me  
'Cause from I ever know myself  
I don't know why you always harass me

"Chorus"

I hear one leader say  
If it wasn't for the little sensi  
Him no know what happen to the economy

Go in a Half Way Tree  
And he set them ganja prisoners free

"Chorus"

And this little bit of brown sensimilla

Too many work to do...
