

# Peter Tosh, One Foundation

Got to build our love on one foundation  
Got to build our love on one foundation  
Got to build our love on one foundation  
or there will never be no love at all  
there will never be no love at all  
Got to put aside them segregation  
Got to put aside them segregation  
we got to put aside them demonination  
or there will never be no love at all  
there will never be no love at all  
Got to come together  
cause we're birds of a feather  
we got to come together  
cause we're birds of a feather  
or there will never be no love at all  
there will never be no love at all  
Got to realise we are all one people  
Got to realise we are all one people  
we got to realise we are all one people  
or there will never be no love at all  
or there will never be no love at all
