

# Petra Berger, Close Your Eyes

Close your eyes, the children are asleep  
The night will surely keep, my Queen  
Close your eyes, to tides that run too deep  
I know sometimes you weep unseen  
While you dream, the treason and the fear  
Will all but disappear, subside  
Close your eyes, the evening is still and clear  
The fight is nowhere near tonight

[Choir] Dream of when you were the brightest star in all of France  
Dream of when you were the celebrated young dauphine  
[Choir] Mistress of every dance  
- The most benign young queen, theyd ever seen

Close your eyes, deny them how you feel  
Unlock your chains and heal your heart  
Close your eyes, remember love was real  
For memories they cant steal or guard  
While you sleep, though death may pass you by  
Hell never slip inside unseen  
Dry your eyes, and hold your head up high  
They wouldnt dare defy their Queen

[Choir] When the demons appear  
Well rise and fight  
Well run, well hide

Try to sleep, dont cry, just sleep  
Dont think, dont be sorry, dont feel sad  
I know how worried you are for your son  
Hell be just fine  
[Choir] Just fine  
Dry your eyes, theyll take you to the king  
Youll hear the churchbells ring, my Queen  
Close your eyes, and let your heart take wing  
Youll hear the angels sing, be free

[Choir] Close your eyes ....
