

# Petra, Lift Him Up

Words and music by Bob Hartman  
Based on John 12:32, 3:14, Luke 19:2-4

The world is looking for a revelation  
We're always under their investigation  
They look at us to hear we got to say  
They can't see Jesus when we stand in the way  
They don't need no more elevated speeches  
We're keeping Jesus just beyond their reaches  
Can't see the forest for all of the trees  
They won't see Jesus till we fall on our knees

(Chorus)

Lift Him up higher and higher  
Lift Him up set the world on fire  
It doesn't take much theology  
Just lift Him up so the world can see  
Lift Him up tell the gospel story  
Lift Him up left them see His glory  
It doesn't take any Bible degree  
Just lift Him up so the world can see

Sometimes they just can't see beyond the haze  
Or find their way through the religious maze  
Just like Zaccheus they're trying to see  
They got to somehow see beyond you and me

Oh - how the world needs to see him  
So they can believe Him  
Oh - how can we ever hide Him  
As if we had denied Him  
Oh - How could He ever draw them  
If they never saw Him  
Oh - How can they see His glory  
Without you and me
