

# PFR, I Don't Understand

I couldn't find myself today  
I got lost in my reflection  
Retracing steps all along the way  
Back to days with no direction  
I wasn't wishing for those times to come again  
No it was more of a reminder  
Of where and what and how I'd been  
Living my life without connection  
Who knew my heart and my intentions  
He said that all could be forgiven  
If I could trust in One who'd risen  
And that's when His mercy came to me

(Chorus)

I was saved by the Mercy man  
He touched my heart  
He helped me understand  
That there was shelter in unfailing love  
If I'd just take the Hand  
Hand of the Mercy Man

(Verse 2)

All these expectations  
That I'd placed upon myself  
How I would conquer the giants  
With the help of no one else  
But I was wrong - I was mistaken  
What I thought was the truth  
Was not the truth at all  
And that's when I heard Mercy call

(Chorus x2)

But I was wrong - I was mistaken  
What I thought was the truth  
Was not the truth at all

(Chorus x2)

He took my hand  
Holds my heart  
The Mercy Man
