

# PFR, My Time

Father of Love  
Look upon me now  
How I've come this far  
Only You know how  
You've changed my life  
Made me whole  
All I am now  
To You I owe it all  
You are reality  
You alone are life  
You take a heart so dull  
And make it shine so bright  
To burn for You  
And all you are, a light in the night  
A guiding star  
You are  
Here are all my burdens  
I lift them up to You  
Your Words they ease my mind  
Your gentleness shines through  
Giving us hope  
Where hope is all gone  
Never retreating  
Sending us on and on
