

PFR, Say

Let me go back
And do it all over again
What I know now
I wish I knew then
There's a pain
That just will not die

Let me hear you say it's okay
Let me hear you say it's alright
I could really use some words of comfort
So I won't be alone tonight
So I won't be alone tonight

Let me move on
I've said I was sorry
Help me look out
And see the sun again
'Cause there's a pain
That someday must die

Let me hear you say it's okay
Let me hear you say it's alright
I could really use some words of comfort
So I won't be alone tonight
So I won't be alone tonight
