

PFR, Shine

(Verse 1)

You've got to reach out and take it
Before it goes by too fast
They say that life is what you make it
I think we've made it last

(Chorus)

Some people say we're crazy but
We're all spinnin' round, We're all spinnin' round
But you and me we've got something to say
We're all spinnin' round, We're all spinnin' round
Just because you think you're lucky well
We're all spinnin' round, We're all spinnin' round
And I think we're gonna make it

(Verse 2)

You've got your four wheels spinnin'
You dig 'em down into the ground
Just when you think you're winnin'
They're all putting you down

(Repeat Chorus)

Round, round, round spinnin' round
Round, round, round spinnin' round
Round, round, round spinnin' round
Round, round, round
