

PFR, Wait For The Sun

(Verse 1)

I know You
I know doubt you doubt what I am saying
You think that I've seen deceived
To follow after what some call a weak man's haven
It seems so simple that it's hard to believe

(Chorus)

I can't understand why you would walk away from love
No I don't understand why you would walk away from love
Just can't understand why you would walk away from love
I'll never understand why you would walk away

(Verse 2)

Maybe I'm right and He's waiting at the table
Maybe it happened when I saw it was my sin
Maybe He's waiting for a chance to show you true love
Maybe you'll never get this chance again

(Repeat Chorus)

(Bridge)

I'm a fool, so are you
I'm a fool, so are you
Maybe you think I'm a fool for what I'm saying
Maybe that's what I'd like to be
Or maybe you're a fool to say You're a wise man
Either way you lose unless you meet with my King

(Repeat Chorus x2)
