

Phalanx, I'm alive

Get away!

All these shadows in my mind.

Try to hide, try to fight.

For too much my eyes go blind.

All these hopes, all these tears.

All those never-ending fears.

Still I'm here,

still I fight.

Still I feel,

I'm alive!

See me stumble, see me fall, been so close to lose it all.

All these times that I cried, where's the angel by my side.

Countless thoughts fill my head, would they vanish feel so sad.

Still there's light,

still I fight,

still I feel,

I'm alive!
