

Phantom Planet, Get Into It

(Yeah, 21st century motherfuckers)

Love's a beautiful thing
But it's got nothing to do with me
I would but up a fight
If that bugs starts to bite

Well, Cupid, you little fuck
You shot an arrow and I got stuck
Well, what good is love if I just...

Get in
Get out
Get into it

Fall out
Fall in
Fall out of if

Get in
Get out
Get into it

Fall out
Fall in
Fall out of if

I've got no business with love.

Love's a beautiful thing
But something's puzzling
Do I give all I can give
Because Adam gave up his rib?

Well, Cupid, you little shit
You shot an arrow and I got hit
Well, what good is love if I just...

Get in
Get out
Get into it

Fall out
Fall in
Fall out of if

Get in
Get out
Get into it

Fall out
Fall in
Fall out of if

I've got no business with love.

Cupid, you little shit
You shot an arrow and I got hit
Well, what good is love if I just...

Get in
Get out
Get into it

Fall out
Fall in
Fall out of if

Get in
Get out
Get into it

Fall out
Fall in
Fall out of if

I've got no business with love.
I've got no business with love.
I've got no business with love.
I've got no business with love.
I've got no business with love.
