

Phantom Rose, Bonified Bubblegum

[Verse 1]

So pimp-a-licious, so sensual, Bonified Bubblegum,
So flavorful, it'll make you wanna get you some,
Made outta elastic & artificial flavors.
Taste so good, it'll make you get some haters.
Sola at the coffeshop, you know what I mean.
Gettcha so blowed, you'll buy the whole snack machine!
Hottest on the block & it's always sold out.
Chew, chew on it cuz that's what it's all about...

[Chorus] (x2)

That special bubblegum.
Gunna get you throwed.
Make you feel lovely.
Gunna get you outta control.
Make you get silly
Make you go numb.
Cuz you know why,
It's that Bonified Bubblegum!

[Verse 2]

Hypnotic, Robotic, cuz baby this the shit.
Honeysuckle Heaven is the flavor that I pick.
Purpulator, Colada Kush, and even Strawberry.
Watch out for the Kiwi & that Ultimate Black Cherry.
Catch me in the streets or me at home
I always got my bubblegum and I'm never alone.
I'm always with me clique & we always bring that bubblegum
Always got new flavors like that Blueberry Yum Yum.

[Chorus] (x2)

[Verse 3]

It's so reliable, undenyble, better than a pill or two,
Gettcha so throwed, it'll make you spend a mill or two.
Keepa running back to that little coffeeshop.
Best thing around and the hottesr on the block.
I'm buying all the flavors & I'm happy as can be.
I feel like no one is better than me.
Don't blow my high cuz I'm feeling so numb.
Cuz you know why, it's that Bonified Bubblegum!

[Chorus] (x4)
