

# Pharao, I Show You Secrets

I show you secrets of your life  
Come with me to the mystery of music

I show you secrets of your life  
Secrets of your mind  
The mystery of music will find a way  
One day - one day

Let me come inside your mind  
What's the mystery I will find  
Is it love or is it time  
Is it yours or is it mine  
Let me feel  
Let me give you the rhythm  
Position of love is what I'm feeling inside  
Quick  
catch up  
Before you lose me  
Don't look so  
you might not know me  
Growing up  
What's the mystery of music  
Will it find it's way  
Or will it lose it  
There's a different way  
To know the answers  
Hold your head in the rain  
think faster  
Time is running out  
do you know  
Feel the vibe  
so why let it not grow  
Open your heart  
Free your mind  
give me your love  
And feel the rhythm let go

I show you secrets ...

I show you secrets ...

Try to think  
But my mind it ponders  
Try the reason with  
But I wonder  
What's this thing called another  
Don't fight the feeling  
Let the sound take over  
Atmosphere around my head  
Ozone  
the music's turning me wet  
Thoughts of peace  
love  
unity  
But no one in the world understands me  
What do I do  
I lose control  
No  
I giv the rhythm my soul  
Let it a side  
find a way  
To make this world a better place  
Only one way to know  
What's to do it.

Open your heart  
free your mind  
Give your soul to the music  
Just do it  
And feel the vibe

I show you secrets ...
