

Pharrell Williams, Gust Of Wind (ft. Daft Punk)

My heart is filled, with love and care
Not an ounce of gas, I would get up there
The answer's simple
You lift me up
The view up here, I see all the stars
There go Venus, and there go Mars
Somethin' you been through
You're from above

When I first saw you, I got excited
Tried to keep my composure, tryna hide it
But I didn't know
I didn't let go
Then it occurred to me while tryna fight it
Just like a kite, you lurk to ride it
But I didn't know
You're s'posed to let it go

Like a gust of wind
You hit me off sometimes
Like a gust of wind
You push me back every once in a while
Like a gust of wind
You remind me there's someone up there
Who wash you man?
The air I need to power myself

When I open the window
I wanna hug you
Cause you remind me of the air
I said yeah
Cause when I'm feelin' real low
I remember I love you
I put my hands in the air
And you were there

With your love, I can board the skies
Why you wait that electrifies?
Cannot stow away
Telephone winds of the northern sky
Is the closest thing, and here is why
Cause we're color
You blow me away

I need you, like a preacher
Music umbrellas can make one cover
Who cares if they don't see you?
Don't you know that they're the same?
I need it like a preacher
If you never discover, forever you'll suffer
Who cares if they don't see you?
You got until then to learn the way

When I first saw you, I got excited
Tried to keep my composure, tryna hide it
But I didn't know
I didn't let go
Then it occurred to me while tryna fight it
Just like a kite, you lurk to ride it
But I didn't know
You're supposed to let it go

Like a gust of wind
You hit me off sometimes

Like a gust of wind
You push me back every once in a while
Like a gust of wind
You remind me there's someone up there
Who wash you man?
The air I need to power myself

When I open the window
I wanna hug you
Cause you remind me of the air
I said yeah
Cause when I'm feelin' real low
I remember I love you
I put my hands in the air
And you were there
