

Phat Chance, Hide Their Eyes

I've fallen down, what can I do
They look up to me like I look up to You
Lodr cleanse my heart to be more like You
I want to do what You want me to

(Chorus)

When I fall please hide their eyes
Show them what really lies inside
Mistaken I hate to be
Cause it's You that I want them to see

I've run astray again, what should I do
I turned to the darkness, now I'm looking to you
Lord cleanse my life and make me like new
I want to do what You want me to do

Repeat chorus
