

Phat Chance, Just A Little

Just yesterday I thought I knew
I thought I knew what it meant to
Be a little more like you

Just last week I had the chance
But I stopped in my steps and
I choked on the words
Oh how can this be

I think I need

(Chorus)

Just a little more of you to take the place of me
Just a little more of you it's all I ever need
Just a little more of you to take the place of me
Just a little more of you is all I need

Sometimes we can't get by on our own
But God gives us the strength
To reach our goals
And helps us carry the load

I know I need, just a little more of you

Repeat chorus
